## Message from the Director

The Goal of our basketball camp is to get players excited about the great game of basketball. The more that young athletes enjoy the game, the more they will want to play. The development of a player's skill is what makes them a better player and in turn makes the game fun to play. The Saint John's Camp will focus on three crucial skills to becoming the best player they can be: shooting, ball-handling and offensive moves. The development of these three skills will allow them to compete and enjoy the game at a high level. We look forward to seeing you at our camp.
