## Message from the Directors

The Goal of our soccer camp is to get players excited about the great game of soccer. The more that young athletes enjoy the game, the more they will want to play. The development of a player's skill is what makes them a better player and in turn makes the game fun to play. The Saint John's Camp will focus on three crucial skills to becoming the best player they can be concentrating on the fundamentals of the game— passing, dribbling, shooting as well as the improving knowledge of the game.

We look forward to seeing you at camp!
