

## *Summer Reading for English 9*

All incoming English 9 students will be reading *Challenger Deep* by Neal Shusterman this summer. Students are advised to read the text during the last 6-8 weeks of the summer before school starts. Students should annotate the text to the best of their understanding.

There will be two assignments accompanying the summer reading, a comprehension quiz during the first week of classes and a written summer reading essay during the first month of school.

Both of these assignments will go into the First Quarter gradebook. If there are any questions, please reach out to Mr. Rapposelli at: [vrapposelli@saintjohnsprep.org](mailto:vrapposelli@saintjohnsprep.org)
